FALL 2021

ST. CATHARINES CLUB

THE CLUB

Welcome back!

September always reminds me of change. The weather

starts shifting into fall, children go back to school, we get back into our routines and we start seeking the comfort of the indoors. I find that fall also offers a time of reflection, what has happened over the past year and looking at the present and to the future of where we want to go, what we want to become. The past sixteen months have been full of ups and downs. The Club has experienced three lock downs, gone

through extensive updates and sadly watched the Welland House crumble to the ground. Though the past sixteen months have been full of trials and tribulations, so much good has happened! The closures have given us the ability to restructure, update bylaws/ rules & regulations and revamp our menus, mixology program and wine list. You will find that the Club is making updates seasonally

so that we can utilize fresh produce from our local farms, bakeries, wineries and butchers. We hope that you utilize your Club to the fullest potential, we excel at creating memorial moments for you socially and professionally.

Best Wishes and I can not wait to see you at The Club!

MEMBER FEATURE

MAX LABELLE

Tell us a little bit about yourself

I love the food and beverage industry. I have a Bachelors of Business in Hospitality and have attended both George Brown and Niagara College. I am so proud to call Niagara home.

Why did you join The Club?

I grew up on Yates Street and my father was a member for a brief time (Richard Labelle). I love the high-end vibe of the Club and I had a few friends that joined and I feel that is a great place to network, it was an easy decision.

What Do you love most about being a Member?

I love that anything is

possible! I have worked with the Concierge and Chef Hayley to create some pretty spectacular evenings, even during COVID (Chef did the hard work and I ended up looking great at home).

What is your fondest memory of the Club?

Definitely the dinners that Chef created. It was my partner Daisy's birthday and Chef created an unbelievable take home experience for us. I also really enjoyed American Thanksgiving; it was a great experience in Club77.

What would you tell potential members about joining The Club?

I would tell them that the Club has an amazing sense

of community, great food, amazing events and over all memorable experiences.

They will do just about anything to create a

successful event/meeting/function. The Team goes above and beyond and are very accommodating and professional.

SELKIRK'S MIXOLOGY

This September I am looking forward to sharing with you our fall mixology program. My inspiration has come from classic cocktails like the Old Fashioned, Manhattan, Brandy Alexander & Sidecar. I have been working my way through the generations and also reflected back on some of our Members favorites such as the 'Jan Cook classic'. When visiting The Club our team encourages you to ask about our cocktails, wine list and beer selections.

We have or can create something special for everyone!

La Mode D'Ancienne

0.5oz French Brandy

1.5oz Bourbon (we like to use 1792 or Woodfords)

0.5oz Simple syrup

Orange bitters to taste

Mix over a large ice cube and garnish with a twist of orange peel

IN THE NEWS

WHAT'S COOKING?

FALLING OUT OF SUMMER

As we enter the closing months of summer, we find ourselves in the peak season for much of Niagara's best produce. While many are trying to get their last few beach days in, my

mind turns to canning and preserving. Working with produce in its peak season ensures you get the most flavour, without the help of additives. When I get asked what my secret is, the simple answer is fresh, local produce; which you can find in abundance at your local farmers market.

August and September are my favorite months, because we start to see some more fall produce on the stands, while the summer's bounty is still plentiful. Peaches, corn, beets, bitter greens, tomatoes, and zucchini are

in season, which gives me so many flavours to play with. With the weather becoming cooler, heartier dishes become the norm once again, and there's always something braising in the kitchen.

I'm so excited to play with the new season's flavours, and share the new fall menu with the members at the club. Expect different varieties of glazed, stuffed, roasted, broiled, braised, and sous vide goodies moving through the fall/winter season.
